

SMRT AUTO PHOTO

Requires Logitech C920 or C930e Camera

SMRT Auto Photo at Detail

1. Scan Garment's barcode.
2. If it is a new barcode, and the QR is covered, SMRT will capture the image automatically.

SMRT Auto Photo at Assembly

1. Scan Garment's barcode
2. Hang garment on backdrop to cover the QR Code.
3. Camera will detect if QR Code is covered and capture a new image after the image has no movement.
4. Image will replace the existing picture if an older image is there.
5. If garment is hung on conveyor and new barcode is scanned SMRT will not capture an image.
