Assigning a Parent Price List
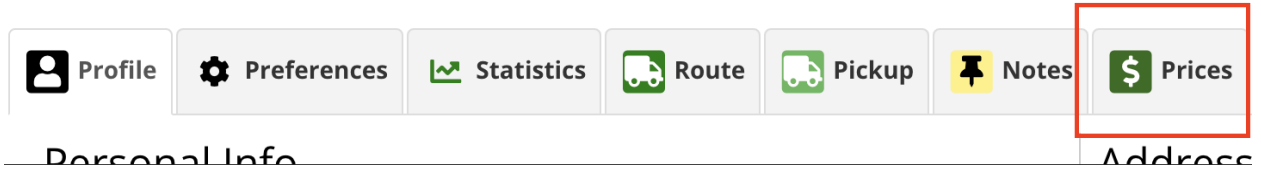

1) Search customer in the search bar
2) Click on customer name
3) Select the Prices tab

4) You will see "Select Parent Price List". Click the down arrow or put your cursor in the information bar

5) After selecting the price list you need, click "Assign"
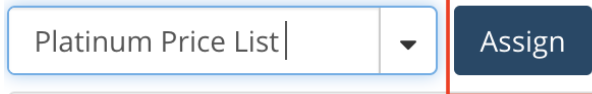

6) After you have clicked Assign, the customer account Prices tab will look like this:
And you will know the price list has been associated correctly.
